CITY OF FOND DU LAC - Memorandum

Department of Public Works

Date: June 23, 2025

To: Advisory Park Board

From: Paul De Vries, P.E., Director of Public Works

Re: Recommend that the City Negotiate a Memorandum of Understanding with the NICA Group

At the May APB, a local NICA Group presented their idea for using part of Lakeside Park West for mountain bike trails (see attached map).

For their proposed use of the park, a Memorandum of Understanding with the City is needed. At the June APB meeting, an Action Item is listed for "Recommending that the City Negotiate a Memorandum of Understanding with the NICA Group." Following the APB's recommendation, the City Council will then review the NICA Group's proposal and the APB's recommendation while considering a similar Action Item.

If you have any questions or comments, please reach out to me at 920-322-3473.

CITY OF FOND DU LAC - Memorandum

Engineering and Traffic Division

Date: June 19, 2025

To: Advisory Parking and Traffic Board

From: Christopher Johnson, P.E., City Engineer

Re: Request to remove parking restrictions along S National Avenue

This memo and Exhibit “A” covers agenda item listed as “A” for the Advisory Parking & Traffic Board’s June 19, 2025 meeting:

Request to remove parking restriction “No Parking at Specified Times” From 7:00am to 7:00pm, Monday through Friday, in accordance with Code of Ordinances Section 630-40, Schedule F.

Location: National Avenue, Westside, between East Division Street to East Second Street.

Request to Remove Parking Restrictions – Aaron Sadoff, President of Marian University, has requested the removal of current parking restrictions on the west side of South National Avenue. The university believes this change would be safe and enhance the experience at Marian University. Currently, parking is prohibited on the west side of South National Avenue between 7:00 a.m. and 7:00 p.m., Monday through Friday, a regulation that has been in effect for many years. Parking is currently allowed on the east side of the street.

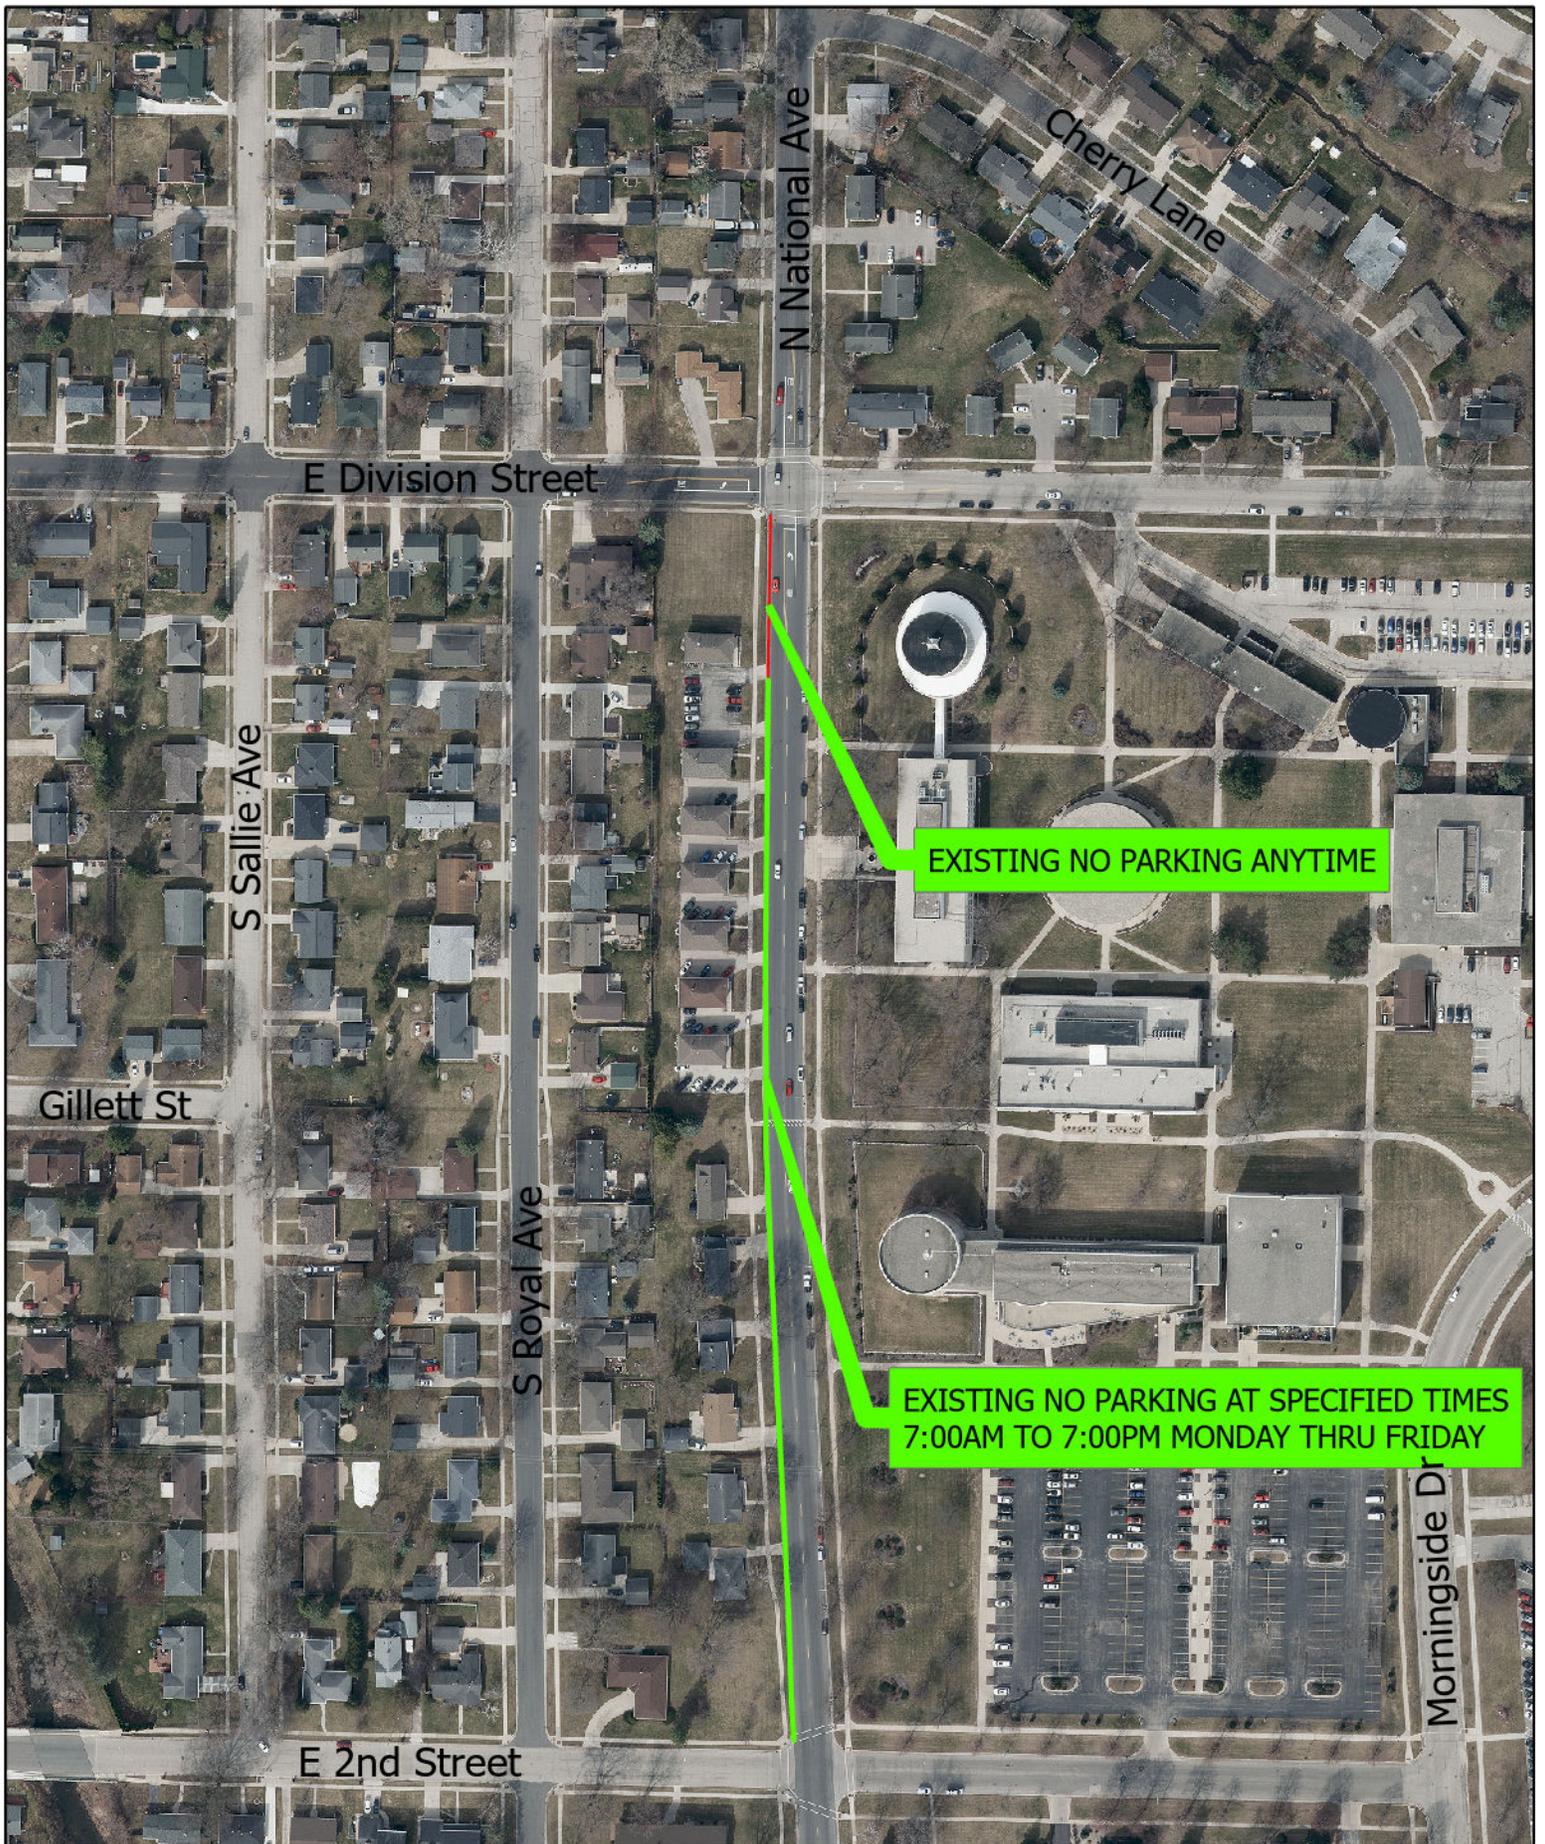

Historical and Ongoing Safety Concerns – The existing parking restrictions were initially implemented in 1989 at the request of the Police Department due to safety concerns. These concerns included limited sight distance for pedestrians crossing the road to Marian University and for residents backing out of their driveways onto National Avenue. These safety issues are still considered valid. If parking were allowed on the west side, it's anticipated that pedestrians would likely cross the street at their parked vehicle's location rather than using designated crosswalks, further exacerbating safety risks.

Potential for Additional Parking – Based on current code requirements (no parking within 4 feet of a driveway Wisconsin Statutes 346.53 (4) and 15 feet of an intersection), removing the restrictions would create approximately 29 additional parking spots. Most of these spots would be located closer to East 2nd

Street. The benefit for the area near East Division Street would be minimal, with only enough space for one vehicle to legally park due to the close proximity of driveways.

Traffic Analysis – Recent traffic counts conducted between April 29, 2025, and May 16, 2025, show a high volume of vehicles on this stretch of South National Avenue, with up to 8,000 vehicles per day. The average speed in this 25 mph zone was recorded at approximately 32-33 mph, indicating that many drivers exceed the speed limit.

Engineering and Traffic Division Recommendation – Considering the high volume of traffic, the elevated average speeds, ongoing safety concerns for both pedestrians and residents, and the relatively small number of useful parking spots that would be gained, the Engineering and Traffic Division does not support the removal of the parking restrictions along South National Avenue.

CITY OF FOND DU LAC - Memorandum

City Attorney/Department of Human Resources

Date: July 1, 2025
To: City Manager, City Council
From: Deb Hoffmann, City Attorney
Re: “Class B” License Code revisions

The City Attorney’s office provided a draft Ordinance to revise the “Class B” license to the Alcohol Licensing Commission (ALC) for their consideration and input. They met on Monday June 30th to consider the revisions and take public comments. There were no comments at the ALC meeting and they voted to recommend passage of the ordinance

This revised Code does the following:

1. Adds language to allow “Class B” licensed establishments to have off premise sale of intoxicating liquor to be consumed by the glass where sealed with a tamper-evident seal, along with the sale of intoxicating liquor in the original, unopened package or container to be consumed off premises.
2. Limits the sale of intoxicating liquor off premises from “Class B” premises to 9pm. The other sale hour limitations already exist in our code or state law. I have just grouped them all in one place for ease of reference.
