CITY OF FOND DU LAC - Memorandum

Department of Public Works

Date: June 23, 2025

To: Advisory Park Board

From: Paul De Vries, P.E., Director of Public Works

Re: Recommend that the City Negotiate a Memorandum of Understanding with the NICA Group

At the May APB, a local NICA Group presented their idea for using part of Lakeside Park West for mountain bike trails (see attached map).

For their proposed use of the park, a Memorandum of Understanding with the City is needed. At the June APB meeting, an Action Item is listed for "Recommending that the City Negotiate a Memorandum of Understanding with the NICA Group." Following the APB's recommendation, the City Council will then review the NICA Group's proposal and the APB's recommendation while considering a similar Action Item.

If you have any questions or comments, please reach out to me at 920-322-3473.

CITY OF FOND DU LAC - Memorandum

Department of Public Works

Date: June 23, 2025

To: Advisory Park Board

From: Paul De Vries, P.E., Director of Public Works

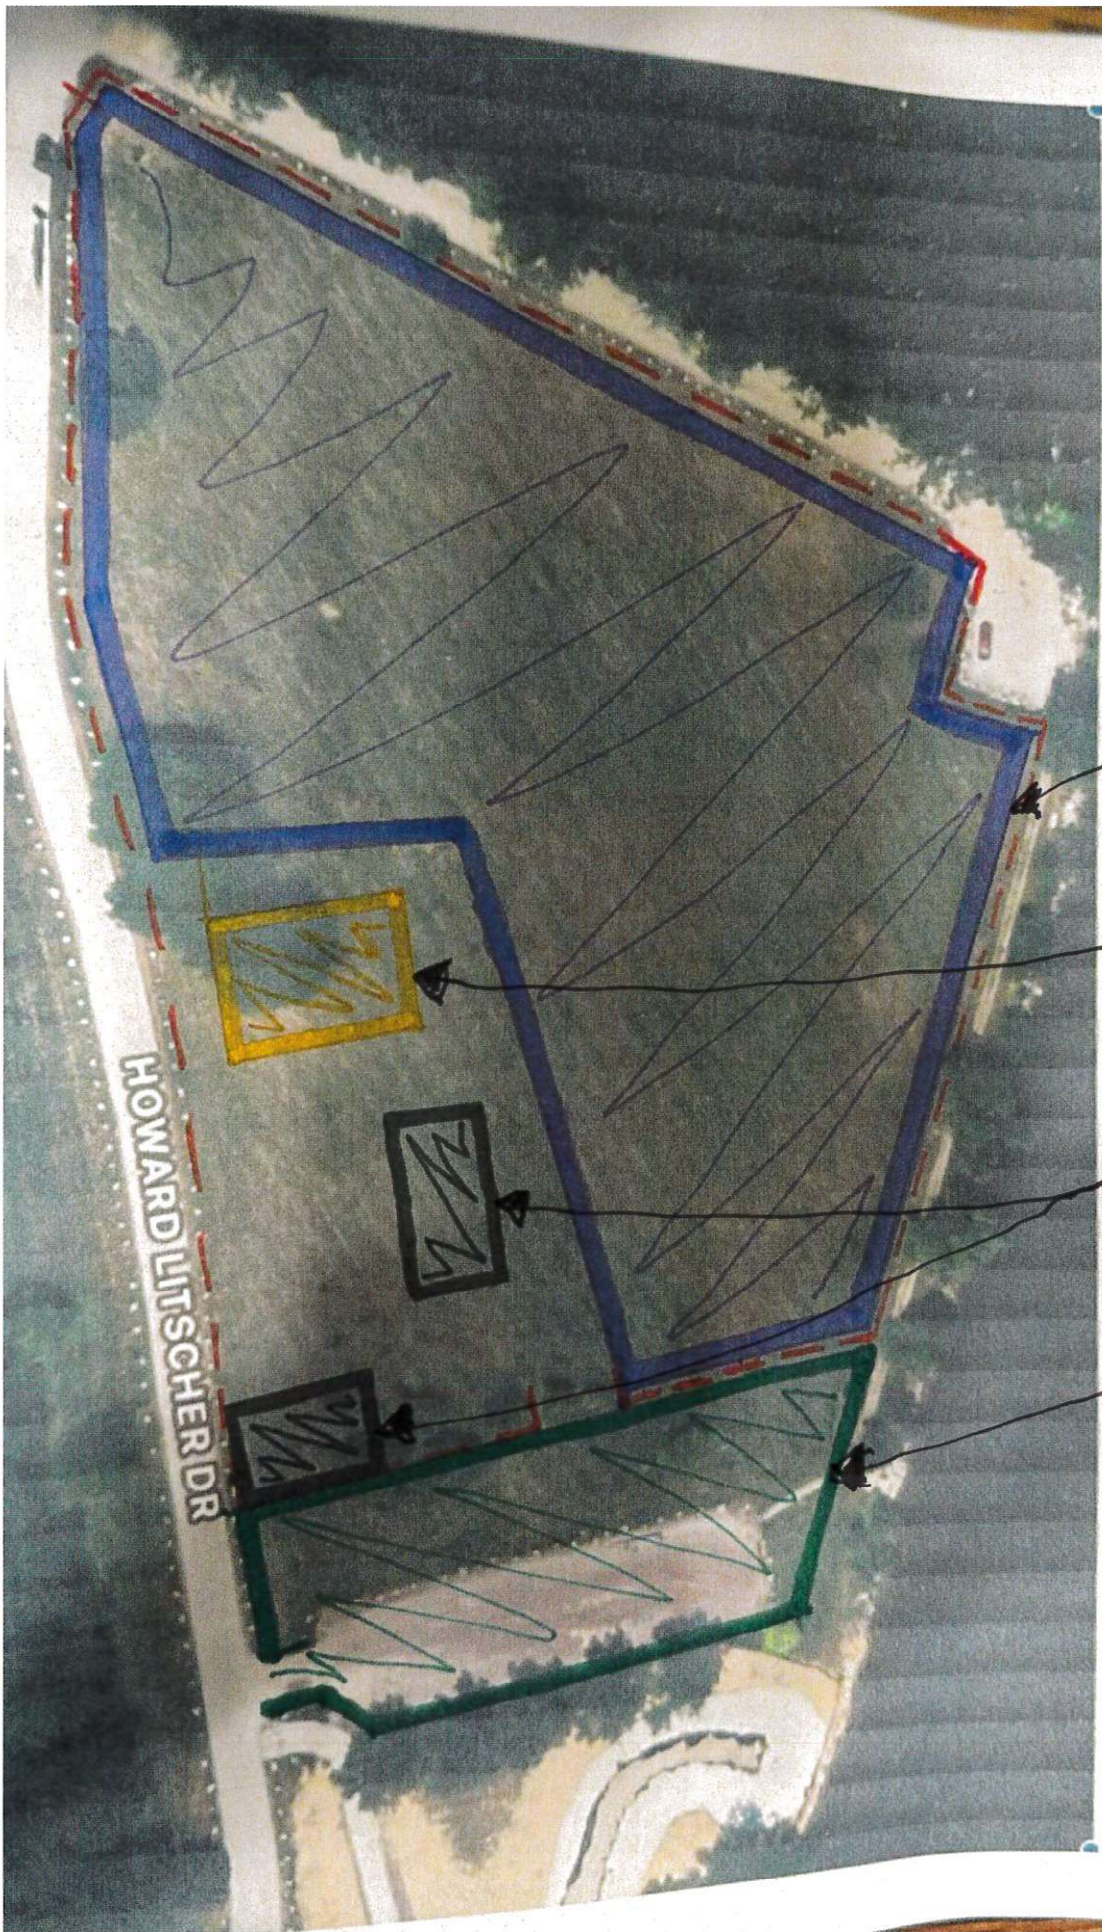

Re: Recommend that the City Negotiate a Memorandum of Understanding with the BMX Group

At the May APB meeting, a local BMX Group presented their concept for using part of Lakeside Park West for a BMX track and supporting improvements (please refer to the attached map for details). Following feedback received at the May meeting, City staff conducted a review of other potential locations for a BMX facility within City parks. However, no other suitable sites were identified.

For them to operate as a USA BMX Group, they need a Memorandum of Understanding (MOU) with the City for the use of City parklands. At the June APB meeting, an Action Item is listed for "Recommending that the City Negotiate a Memorandum of Understanding with the BMX Group." Following the APB's recommendation, the City Council will then review the BMX Group's proposal and the APB's recommendation while considering a similar Action Item.

Lastly, I wanted to note that the former BMX site off N. Hickory Street is not available for the BMX Group's use. The City plans to construct a new stormwater pond on that property to meet Department of Natural Resources (DNR) requirements.

If you have any questions or comments, please reach out to me at 920-322-3473.
